

POWERING HYBRID WORK FOR THE FUTURE WITH WINDOWS 11 ENTERPRISE

The work world has undergone tremendous change since Windows 10. Consumer expectations from their changing work environments have evolved to rely even more so on technology to connect, work, learn, create, and play.

The work trend index published by Microsoft from a study across 31 countries points out certain challenges faced by consumers today --

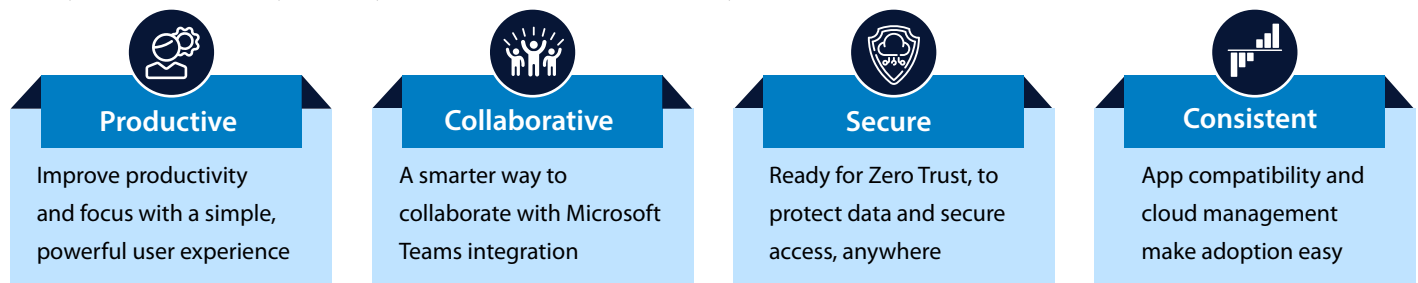

CHALLENGES

For organizations, it has become necessary to adapt to newer technologies to keep up with digital disruptions and to empower their employees to feel effectively productive. Windows 11, replete with features making it a worthy successor to Windows 10, comes at the right time when the need of the hour is mobility and flexibility.

WHY OPT FOR WINDOWS 11?

Hybrid work-ready Windows 11, empowers organizations to get things done easier, productively, and securely in a fast, fun, and easy way. Windows 11 is adept at helping employees achieve what they need to do in smart ways. Consistency is also the focus of IT, which needs to deploy and support employees. Many of the same technologies that they have been using on Windows 10 continue to work with Windows 11.

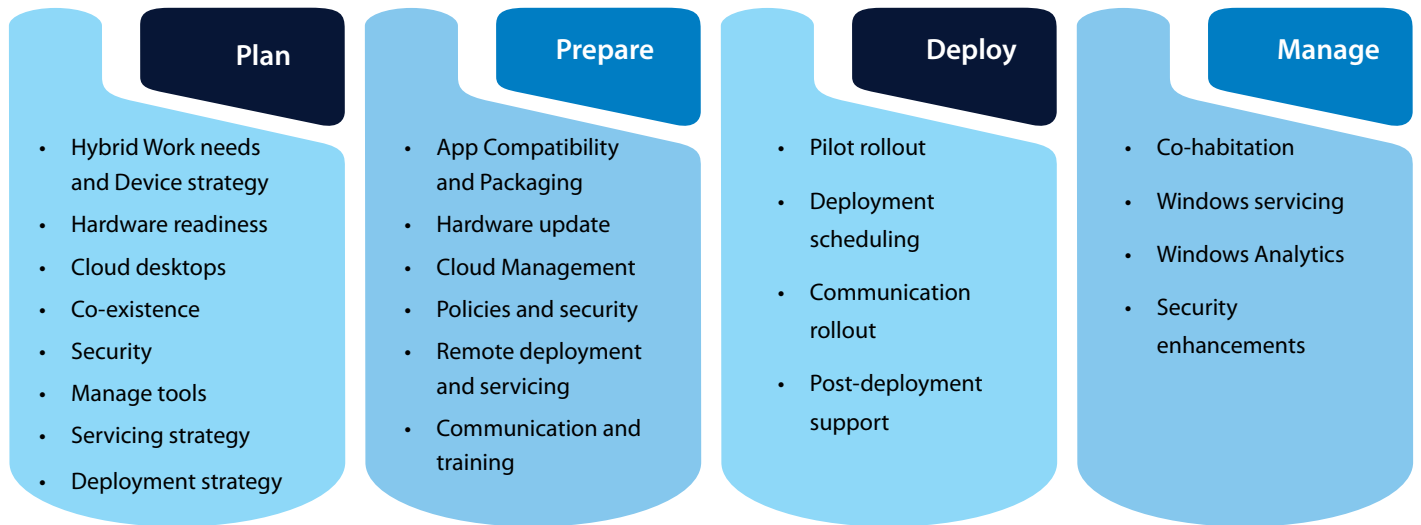

Features	Windows 10	Windows 11
User Experience	An experience like earlier Windows desktop versions with enhanced UI.	New enhanced user experience with improved support for touch, voice, and pen support that support hybrid workstyle.
Hardware pre-requisites	<ul style="list-style-type: none"> 32 or 64 bit processor 1 GB RAM (32), 2 GB (64) 16 GB or 20 GB storage DirectX 9 graphics device with WDDM 1.0 TPM 1.2 or above 	<ul style="list-style-type: none"> 64 bit processor 4 GB of memory 64 GB of storage UEFI secure boot Graphics requirements and TPM 2.0 or above
App Compatibility	99% of Windows 7 Apps Compatible with Windows 10 with Application Compatibility mode	99.6% of applications work as is while moving to Windows 11 from Windows 10
Security	60% more prone to Malware attacks	Built-in Chip to Cloud Security including Smart App controls for secure work from anywhere
Update Frequency	Semiannual / Annual	Annual
Management Tools	Microsoft Endpoint Manager and 3rd party solutions	Microsoft Endpoint Manager and 3rd party solutions
Supportability (EOL)	Ends by Oct 2025	In-Support

With Windows 10 EOL mainstream support set to cease, organizations need to start planning for Windows 11 adoption.

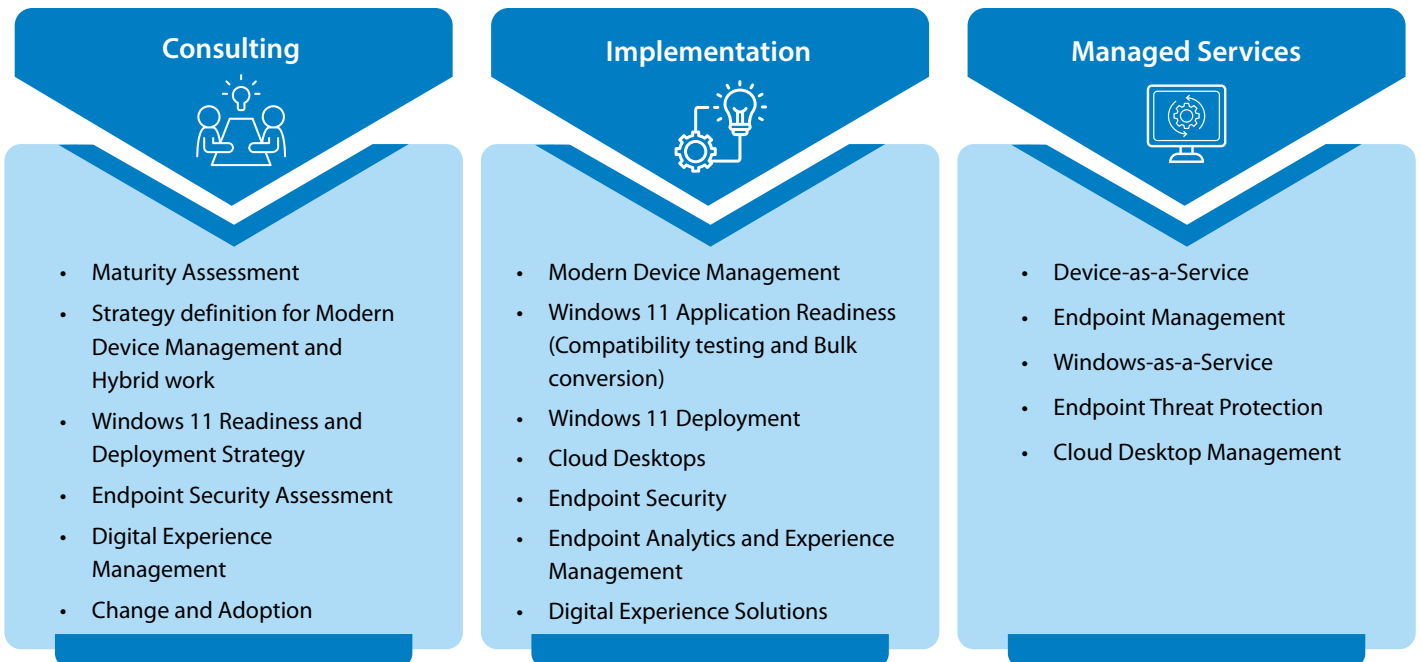

PREPARING FOR WINDOWS 11 ADOPTION

Windows 11 can cohabit with Windows 10 or can be planned as part of the organization's device refresh cycle. In either case, it is critical to plan and prepare the necessary steps to ensure a successful adoption. The planning consideration needs to cover:

INFOSYS HOLISTIC SERVICE OFFERINGS FOR WINDOWS 11 ENTERPRISE

Supported by our proven solutions that help accelerate the adoption of Windows 11

OUR WINDOWS 11 SUCCESS STORIES

European electric utility company based in Germany

The company went under major restructuring because of a large-scale merger. We enabled the workforce enhanced workplace experience by enabling hybrid and remote work. Infosys has created **an agile, intuitive, best-in-class modern workplace powered by Windows 11** that drives elevated experience and can potentially support **80,000+ users**.

British multinational consumer goods company

Provided great user experience by implementing **a Modern device management solution for 40,000 users** through Intune implementation and device enrollment. Prevented **60K issues** from getting raised by users with the help of Endpoint Analytics and Desktop Analytics enablement.

An Australian leading bank and financial service provider

The customer landscape consists of more than **60K end-user devices**, and **700+ Applications packaged in SCCM in Windows 10** that need to be upgraded to Windows 11 as part of the existing Windows Evergreen process. The end user devices consist of desktops, laptops, persistent VDIs, non-persistent VDIs and thin clients. Infosys drove this solution with a **seamless upgrade to Windows 11, with no user interruption and Zero application compatibility issues** within time.
